I'm Frontend developer with experience in creating SPA using React, Redux, HTML/CSS. JS/TS and etc. In my spare time I improve my English and learn new technologies. I like solving tasks on CodeWars. In the future want to study Angular, Vue. Ready to consider project work and full-time employment in the office or remotely. Ready to relocate

WORK EXPERIENCE

Freelance   (July 01, 2022 - Present)

Frontend Developer React

I have successfully participated in many exciting projects during this period, such as as creating an airport search system based on city, country, and continent data. I feel proud when I came and did better in projects than I was.
